SS ProRun

AISI 440 rings

Absolute guarantee of precision and robustness.

FDA compliant grease

Superior lubrication for excellent and long-lasting performance.

AISI 440 bearings and balls

Maximum corrosion resistance and longevity.

Superior Durability

and high working load guaranteed for all versions available.

FDA blue NBR seals

Perfect sealing, protection from contaminants.

Quick maintenance

and reduced downtimes.

The Pro choice for uncompromising performance.

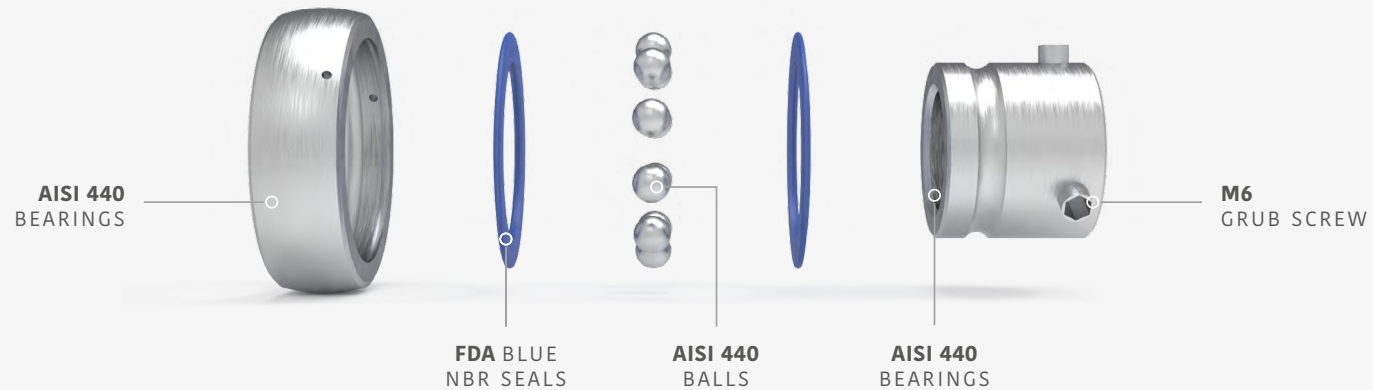

The new **SS ProRun** bearing insert is the ultimate choice for those who push their equipment to the limit, even in the harshest conditions.

Engineered with AISI 440 rings, it guarantees absolute precision and strength. The AISI 440 bearings and balls provide unbeatable corrosion resistance and longevity, while the FDA compliant blue NBR seals create a perfect barrier against contaminants. Thanks to the FDA compliant grease, lubrication is optimized for peak performance, ensuring smooth, long-lasting operation. Fully compliant with EC 1935/2004, it meets the highest safety standards, even for indirect or accidental contact with food materials.

When reliability is not an option but a necessity, choose SS ProRun, because real performance stands the test of time.
